OBSERVATIONS ON CURRENT SPORT

It seems it is fighters, not hockey-ists, that are wanted in Pittsburgh.

Longboat and Marsh are to run on the ice at Winnipeg. There is a change for somebody to get cold feet.

Queen's students took their defeat like good sportsmen, admitting that luck was no factor in the outcome.

That feeling of confidence at Varsity is like an echo of 1906, when Casey Baldwin led his team to victory at Rosedale.

Lord Northcliffe says he is frankly and emphatically against international games, with their inevitable misunderstandings. His Lordship must have been reading James E. Sullivan's 12-page address to the A. A. U. which is a thoroughgoing attack on the Olympic committee, and the poorest specimen of sportsmanship ever put into print.

Shrubbs wants 10 miles. Longboat 20 miles. Why not split the difference and make the first race 15 miles?

Yale students lost \$50,000 on their football team. Some of them sold their furniture for cash money with which to bet. Empty pockets, empty rooms, empty heads—higher education.

The Mulock Cup games at Varsity were originally designed to bring out the rugby material that had been overlooked earlier in the season in the selection of the representative college teams. So far as the season is concerned, it must be admitted that the coaches must have done their work pretty thoroughly when selecting the teams, as little new material of merit has shown itself in the games already played.

They're not quite so croaky in Hamilton as they were a week ago. Then it was only a matter of time before the train to Toronto to beat Varsity. Now they realize that they have a real game on their hands, and they will keep them on their toes every minute of the hour's play to win.

Fred Whitcroft has not spared the cash in efforts to purchase hockey players to go after the Stanley Cup, but if they fail to make good on the ice, where will the money come from?

There will be 200 Hamilton rugby rovers in town Saturday, and after their trip to Rosedale, all will take home a bundle of Toronto real estate on their boots.

EUREKA CLUB MEETING.

The Eureka Rugby Club will hold a final meeting at West End Y.M.C.A. on Tuesday evening at 8 o'clock.

A Boon to the Bilious

Are you compelled to deny yourself many wholesome foods because you think they make you bilious? Do you know that your condition is more to blame than the foods? Your liver and stomach need attention more than the diet. When you find yourself suffering with a bilious attack, take

BEECHAM'S PILLS

and all annoying symptoms will soon disappear. They settle the stomach, regulate the liver and exercise the bowels. Their good effects are felt immediately. Beecham's Pills mingle with the contents of the stomach and make easy work of digestion. The nourishing properties of the food are then readily assimilated and the residue carried off without irritating the intestines or clogging the bowels. Beecham's Pills should be taken whenever there is sick-headache, bad tongue, constipation, salivary or any symptoms that indicate an inactive liver.

VARSITY PLAYERS ARE CONFIDENT OF VICTORY

Collegians Not a Bit Awed at the Tigers' Great Wing Line—Records of the Clubs During the Championship Season Just Concluded.

All of the Varsity players were around yesterday in good shape after their game with Queen's at Ottawa, and the main topic of conversation was in regard to the final Canadian championship match at Rosedale Saturday between the Tigers and the Toronto students. The Varsity players have a world of confidence in themselves, and expect to come out victorious on Saturday. They are not a bit awed by the Tigers' big wing line, and point out that they have a pretty husky forward division themselves. McDonald will be back in the game again at middle wing, and Moon Lee will play at full back, and in old position. Only light work will be done all week, so as not to take any chances of men being hurt.

The game is attracting general attention all over the country, and a record crowd is expected. Hamilton alone will send down 4,000 and 2,000 people, and other towns will send their quota. The records of the Leagues will give some idea of the respective merits of the teams:

AN OTTAWA OPINION.
Ottawa Journal: The winners in this match meet Hamilton Tigers in Toronto on the coming Saturday, and they should give them a stiff fight. Toronto Varsity has a good team, with perhaps one weak spot from center scrum, but the rest of the team is strong, and they can be depended on to play the game, and they won't let the Tigers' wings throw them into a struggle.

Billy Richards, who has played senior ball in the Quebec Rugby and Inter-Collegiate Leagues for the last ten or twelve years, remarked at his time on Saturday: "Tigers will have to go some to beat either team, if they play ball like that."

BEST SINCE CASEY BALDWIN.
The Kingston Whig says that the Varsity team was on its merits, and that Varsity at the close of the season has shown that it is the best the Inter-Collegiate League has produced since Casey Baldwin handled the blue and white fourteen several years ago.

When the Ottawa Rough Riders lost the Dominion championship to the Baldwin aggregation in Toronto, Hamilton Spectator: There is no doubt but that the blue and white will give the Cubs a great battle, and that the latter will have to play better ball than they did Saturday to win, but there is not the least bit of doubt that they can do it. Simpson will be in excellent shape after his rest, while Topp is playing in wonderful form, the best he has shown this year. Moore is himself again, and Burton—well, that is playing his usual good game. The back division is all right, and the wing line, agreed by all as the greatest in Canada, will prove formidable for the Varsity line. Lawson, the college plunger, will have little chance to make any noticeable gains against the Varsity line, and company, while Simpson will boot as far, if not farther, than Gail. It looks safe for the yellow and black.

CERTAIN FOR HAMILTON.

FRED TAYLOR MAY GO TO EDMONTON

Has Received An Offer of \$1,800 from Fred Whitcroft—Pittsburg Hockey Talk.

A Toronto hockey enthusiast, now in Pittsburgh, has received the following notes about Canadian players there for the Star:

Cor Corbeau is playing better hockey this year than ever. Taylor and he make a great pair on the defence.

The Pittsburgh League so far has drawn large crowds, and the brand of hockey put up by all teams is of the best. The fans of the P.A.C. team, with Taylor, Lake, Mallen, Campbell, and Corbeau, is the favorite.

Manager Campbell may have trouble holding the great Fred Taylor, as Fred Whitcroft, of the Montreal team, is trying hard to get him. He has offered him the princely sum of \$1,800 for the season, and Taylor is seriously thinking of accepting.

Harry Smith, of the Bankers, the leading goal-getter of last season, has to appear before the Board of Directors for a check on McRobbie, cover-point for the P.A.C.

Mr. Smith, it is reported, has signed Horace Gaul of Ottawa to strengthen his team, which is at present at the foot of the league—through accidents.

The great combination of Taylor and Lake, which was instrumental in bringing the championship of the old inter-collegiate league to Houghton for two years, is more conspicuous this year than ever, and is the talk of all the hockey fans.

Jimmy McKay of Leveaux has signed a fast bunch of youngsters, and they are giving P.A.C. a close run.

Kerr, the youngster from Brockville, is showing great form for P.A.C.

Kenneth Mallen is upholding his reputation as a dashing forward.

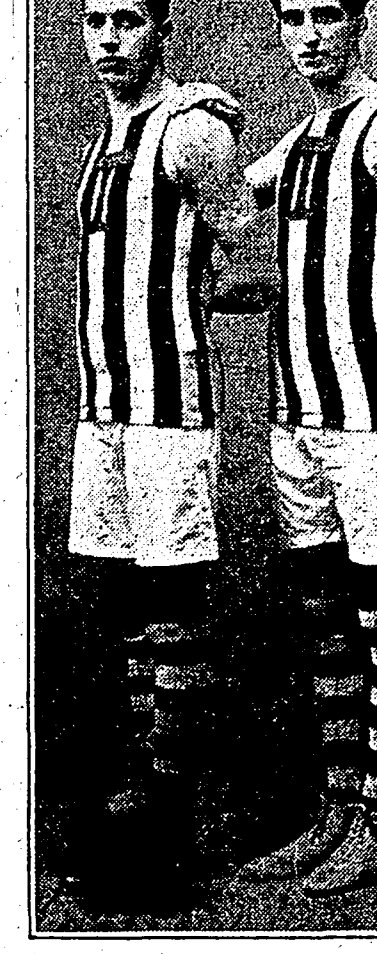

Manager Campbell is to be congratulated on the great team he has got together. Two or three of his men are receiving offers from a number of strong Eastern teams.

Bankers are playing great hockey under the able generalship of Arthur Sixsmith.

Garnet Sixsmith, Fred Taylor, Zorne Campbell, and Jack McDonald, have been the champions of the P.A.C. since Gumbert on Thursday for rough play. The management of Duquesne College demands that action be taken against these players, claiming rough hockey is injuring the attendance.

unmistakably like Hamilton Tigers for the title again. Varsity showed undoubted form against Queen's on Saturday, but their showing against the Tigers is likely to be of quite another nature. Taken all round, the Hamilton bunch look head and shoulders over anything playing Rugby in the East this year, and will deserve the Dominion championship, which looks almost certain to fall to them.

Talking of the Dominion championship, isn't it rather a pity that the scope of the Rugby game isn't widened somewhat? We talk of the Canadian Rugby Union and the Canadian championship of the Provinces of Ontario and Quebec. In time, perhaps, it will be possible to extend the field of the C.R.U. so that the Canadian championship may be actually a Dominion title. Out in British Columbia they have a number of good Rugby teams. Way down East they have good teams also. Yet under the present conditions teams from neither section are playing for the Canadian championship. Of course there is the difficulty about rules. Rugby is played in the extremes of the continent more or less largely under the old Rugby code. Then there is the difficulty of the shortness of the Rugby season, but most of all, perhaps, the great distances to be overcome before teams from East and West could meet even in the middle of the country is the chief

Each side was obdurate, and nothing resulted. When Flanagan got back to Toronto, however, a wire from Shrubbs requesting further negotiations awaited him.

SENIOR ARTS IN THE CUP FINAL

Defeated Junior S. P. S. By 12 to 10 In a Closely Contested Game Yesterday.

MULQUEEN'S 80-YARD RUN.

Sensational Play of the Afternoon Took Place Just Before the Call of Full-Time.

Senior Arts defeated Junior S.P.S. at Varsity field yesterday afternoon by 12 to 10, in the first of the semi-final games for the Mulock Cup. Conditions overhead and underfoot were ideal for Rugby. The game was closely contested with Arts probably the better all-round team.

Park, the best man on the back division for Arts, had his shoulder dislocated in the second half. The feature of the game was a play by School within 10 seconds of full-time. The ball was in the goal, and on the last down Patterson kicked. An Arts' man touched the ball, and sent School on a side. Mulqueen got the ball in the scramble and dashed up the touchline with Arts' men in full pursuit. They could not get him, however, and he went over the goal line for a touchdown just as the whistle blew. Teams and officials:

Arts: Backs—McNeill, McPherson, Half-back—Auger, McPherson, Quarter—Henderson, Potts (Capt.), Scrimmage, Nancekiville, Train, Forward—Gilmour, Dobbin, Wing—Kennedy, Patterson, McGregor, Sifton, Debert, Forward—Janney, Thompson, Joe Lee, McLaughlin, Van Allen, Evans. Referee—Alan Brown. Umpire—Hal Clarke.

First Half.

Arts won the toss, and School kicked south. Play was very loose, and to save a touchdown Park kicked the ball on the first down for interference, but blocked a kick, and Arts fell on the ball for a try. He failed to convert the goal. School 5, Arts 0. Arts' wings made a low kick towards the School's goal. They hit struck a School man on the shoulder, and McLaughlin secured going over for a try after a 30-yard run. Patterson failed to convert. School 5, Arts 5. A fine end run by McPherson, School got within 10 yards of the line. McPherson missed an attempted drop, and Arts were lucky to get the ball out to the back division. McPherson was behind the line. They bucked for their yards, but lost the ball for offside. McPherson was tackled and Arts' yards out. Park kicked into touch 25 yards out, where he got a free kick, and McPherson was lucky to save at center when the whistle blew for half-time.

School 5, Arts 5.

A fine tackle by Malone, following a kick, put the play into School territory. McPherson's punt was returned by Auger to Marr, who kicked the ball. A person went over for a try, which Malone failed to convert.

School 5, Arts 10. Arts blocked two kicks in succession, and got possession 25 yards out, only to lose for offside. School got a free kick, but Park saved at center. In the end, Park got his shoulder knocked out, and was forced to retire. Marr went off to cover up.

Arts blocked a kick, and Auger punted to McPherson, who ran the ball 20 yards after a brilliant exchange of the team kicked into touch at Arts' 25-yard line. Anger kicked to McPherson, and School got a free kick 45 yards out. Anger saved at center, and the play was over.

Mulqueen, McPherson kicked into touch 20 yards out from Arts' line. Anger's kick was blocked, and the ball went into touch. A fumble by McPherson enabled Arts to down him at center, but he got the ball. In an exchange of the ball, Arts' wings tackled outside his own goal line. Arts got possession for offside, but lost it immediately for offside. Arts' wings tackled outside his own goal line. Arts got possession for offside, but lost it immediately for offside.

Arts continued to press, and McPherson managed to get the ball after a long left-foot kick by Anger. Patterson hooked to Henderson, who rebounded to McPherson, who rebounded to McPherson. Patterson's kick was partially blocked by Arts, and McPherson was forced to kick possession 25 yards out, and went up the touch line for an 80-yard run for a touchdown. Arts' men were in the goal. School 10, Arts 12.

THE CASE OF "CHUCK" SKENE.

OTHER SIDE OF STORY.

Sporting Editor, Star: My attention has been drawn to an article appearing in last Saturday's Star to the effect that "Chuck" Skene of the Irish-Canadian A.C. is leaving Toronto and going to Buffalo; that he was fired from his position here for taking a holiday to go to the C.A.A.U. championships at Halifax.

It is one of the vestiges of the indifference of Toronto employers to athletics. As Mr. Skene was an employee of the Standard Embossing Company prior to his departure for Halifax, I wish to correct the errors contained in the above statement.

Mr. Skene was always afforded an opportunity of taking part in athletic events, and was given the necessary time to attend outside competitions any time he asked to be allowed to do so. No deduction was made for loss of time which may have resulted.

With respect to the Halifax meet, I wish to say that Mr. Skene never asked to get away to attend the meet, but, without saying a word to me, he left the office on the Wednesday evening prior to the meet and did not return until the following Tuesday. I was not even aware that he intended to go, and as I considered the company's employment I engaged another man to take his place.

As I have always been interested in athletics in Toronto, I believe that an employer should help to sustain his employees in all legitimate sports. It is unfair to the employer that any imputations of unfairness in the present case should go uncorrected.

REVIEW OF THE LOCAL BOWLING SITUATION

Things are getting on apace in the local tenpin world, and indications are, that the season, which is now in full swing, will be the greatest in the history of this popular sport. There are more alleys doing business than ever before, and the number of bowlers handling the whiteball is legion.

Sold Secretary Harry T. Jenkins of the enterprising and commodious Canadian Bowling Club Saturday to the Star:

"The season has surpassed our fondest expectations. Mr. Casel and myself had no idea that we would be so successful, considering the keen competition and the fact that we were late getting into the game. We have four leagues in active operation, and in addition, have three teams in the Toronto Association, all doing well."

As an evidence of the enormous interest being taken by the devotees of the game, Mr. Jenkins cited the fact that on the holiday the receipts of the C.B.C. reached the record-breaking figure of \$100. The alleys were going from early morning to late at night, the boys not having a breathing spell.

All the other clubs report an unusually active season.

Manager Ryan of the Toronto Club, the pioneer organization, says that he has no reason to complain. His club, which is probably the handsomest and best fitted of the kind on the continent, has more members enrolled than last year by a good margin, and applications are being received daily for membership.

The leagues rolling at the T.B.C. are the Toronto, Oldfellows, Printers, and Business organizations. At Oldfellows, Brunswick, and the Dominion alleys, the latest comers in the field, business of much pronounced proportions is being done. The last-named, which is conducted by Messrs. J. J. Coulter and J. Bennett, is run on similar lines to the C.B.C. and the T.B.C., and members are allowed to roll. So intense has been the interest in the sport of bowling that within the last few weeks five more alleys have been installed, making nine in all. Herb. Cuts, whom there is no more better or popular roller in the city, is eminently pleased with the prospects for the season.

The season has taken a strange hold on the affections of the sporty youth of West Toronto, two clubs the Ontario and Cuts, being in active operation.

Naturally the race in the premier organization, the Toronto Bowling Association, is being followed with the acutest interest by the alley experts and their friends. The contest is quite fairly open, every team with the possible exception of the last two, and even they are not out of it, having a chance to enter for the chief prize. "I wouldn't look natural if the place at the top of the standing was not occupied by the Royal Canadians, champions for the past five years. The team is not perhaps as strong as last year, but they are a good team, and Percy Jennings, the veterans of many hard fights, having dropped out, the newcomers on the line-up, Bill Hunter and Bert Adams, though having shown good form. The old stand-by, Alex. Johnston, who perhaps has rolled on more champion teams than any other roller in town, having captained the Insurance and T.A.C. teams in the old days, is still in the club, is traveling at a fast clip. So are Geo. Capps and Eddie Sutherland, and on the whole, the team looks like the coming power. If not the ultimate winners, Captain "Billy" McMillan's All-Star Brunswick aggregation, and the Royals for premier honors, and its generally conceded that the champions will have to roll considerably to stay at the Queen street team. Sifton, Watson, McMillan, and Martenson are a mighty nifty bunch, and will take a lot of beating. As the season is, is battling the wood in great shape this year, and by many it is claimed that if he is on the best of the local lot he comes pretty close to it.
